

CAROLINE THOMSON

FULL STACK WEB DEVELOPER

Profile

I am a full stack web developer with a passion to create applications that are not only visually appealing, but also create a positive impact for users and businesses alike by optimising productivity. With excellent communication skills, ability to show initiative, high attention to detail, complex problem solving skills, and a willingness to learn, I believe I would be a valuable asset to any employer willing to give me the chance to prove myself.
